ALBERT P. KNIGHTLY

Superintendent's Report

To the Superintending School Committee and the
Citizens of Stewartstown School District:

General

The future progress of our schools depends largely upon our present effort. What are we doing today, as a community, that has a bearing on what we hope our schools will be, a year from now? It is paramount that we know what we want and that we persist in seeking it, whether it be for ourselves or for the boys and girls of our schools.

There will never be a dearth of opportunity for young people with vision, faith and determination. Vision can be developed, likewise faith and determination. Ours is the task of instilling these concepts.

We can all take pride in our schools and share in the common purpose to make them better. Our schools symbolize the aspiration of our people and are the foundation of that equality of opportunity for which democracy stands.

Enrollment and Attendance

The total enrollment is this year somewhat less than last year. There are 124 at West Stewartstown and 47 in the four rural schools. The number of tuition pupils remains practically the same.

The percentages of attendance show continued improvement. Cedar Brooks had a commendable record of 97.26 per cent. Grades 7-8 and Grades 3-4 at West Stewartstown had very few tardinesses, 5 and 7 respectively, for the 180 school days. The Hollow had the poorest tardiness record with 97.

Health

In our schools under the supervision of the school nurse, Frances Varney, we are trying to promote a health program which includes the following:

1. Good environment; adequate clothes and food; control of communicable disease.
2. Correction of physical defects.
3. Fostering health habits which build for the future.

A child cannot work at his best when handicapped by some physical defect. Need for glasses, for example, is often obvious and can be readily remedied, with very tangible results.

The more difficult task is to help the child establish those habits which lay the foundation for good health. This can be accomplished only by the combined efforts of the pupil, parent, teacher and nurse.

This ideal of a preparation for a useful life is in keeping with our conception of education. Adequate education in healthy living is essential along with that in sound thinking.

Buildings and Equipment

The buildings are for the most part in good condition. The Bear Rock School has been redecorated inside, a new stove was purchased for the Hollow, one side of North Hill School has been painted, the fence repaired at West Stewartstown, and numerous other repairs and improvements have been made.

The district may wish to consider purchasing teacher desks to replace the tables now used in the rural schools.

Notes On The Budget

The total amount of the School Board's 1938-1939

budget is \$16230.00 as compared with a budget of \$16811.20 for the year 1937-38. The estimated income for the coming year is State Aid \$4743.52, Tuition \$55.00 and Dog Licenses \$40.00 or a total of \$4838.52. Approval of the budget as submitted would therefore require that \$11391.48 be raised by taxation. This figure is slightly less than was raised a year ago.

There is a decrease in the amount asked for teachers' salaries, janitor services, and interest. A slight increase will be noted on the following items: fuel, nurse, transportation and insurance. Most of the above changes are incidental to the closing of the South Hill School.

You will note that the School District's outstanding indebtedness is \$5200.00.

Teachers

The following changes were made in the teaching personnel of the district: Jeness Carlton, a graduate of Keene Normal School filled the vacancy at Bear Rock; Elizabeth Cunningham, of Farmington Normal, accepted the position at Cedar Brook; and Eunice Kelley, Gorham Normal School, was selected to fill the vacancy at the Hollow.

Transportation

The enrollment at the South Hill School became so small that it seemed wise to close the school and transport the pupils to the Hollow School. We, therefore, have an extra transportation route this year.

Conclusion

I take this opportunity to express my appreciation to the members of the school board, parents, teachers and friends for the interest and support that they have given to the schools during the past year.

Respectfully submitted,

ALBERT P. KNIGHTLY,

Superintendent of Schools.
